ABOUT ME

As a dedicated and passionate student currently pursuing a Bachelor of Science in Information Technology (BSIT) at Bulacan State University, I am highly motivated to excel in the field of front-end development. My desire to constantly expand my knowledge and skills in the field, paired with my strong motivation and eagerness for new challenges, makes me a strong asset to any team. I am committed to continuous learning and growth as a developer and am eager to join a company that values innovation and creativity.

WORK EXPERIENCE

System and Game Developer (Work Immersion)

Dr. Yanga's Colleges Inc.

July 2018 to October 2018

- Created a front-end for QR monitoring system dedicated to the senior high school faculty of Dr. Yanga's Colleges Inc. using Visual Basic.
- Developed and exhibited a simple top-down shooter game using Unity Game Engine and C# language for the Information Technology Week.
